PROFESSIONAL EXPERIENCE

Web Developer | Peacesoft Technologies, Tirunelveli

June 2024 – Present

- Develop and maintain College and School ERP modules for admissions, fee collection, certificates (TC and others) and role-based dashboards using React (Vite), PHP MVC (YAK Framework) and MySQL.
- Built supporting modules including an accounts and fee ledger, institutional CMS, certificate verification portal, event management system and transport tracking module.
- Developed and deployed 30+ institutional websites with Next.js and Tailwind CSS, using server-side rendering and technical SEO practices.
- Handle Linux server tasks including database backups and database optimization.

Web Developer | Nexify Software, Tirunelveli

August 2023 – June 2024

- Built responsive web applications and websites using HTML5, CSS3, JavaScript, Tailwind CSS and PHP, with attention to UI/UX and accessibility.
- Customized OpenCart storefronts and carried out site speed and database optimizations.

KEY PROJECTS

College & School ERP Software

React (Vite), PHP MVC (YAK Framework), MySQL, Tailwind CSS

- ERP software deployed across 30+ colleges and schools.
- Automates admissions, fee collection, certificates (TC and others) and role-based dashboards.

Institutional Websites (30+)

Next.js, React (Vite), Tailwind CSS, Technical SEO

- Developed and launched 30+ college and institutional websites with server-side rendering and responsive Tailwind CSS layouts.
- Live examples: https://xibasxc.com, https://americancollege.edu.in, https://vrscet.edu.in

Institutional CMS

React (Vite), PHP MVC (YAK Framework), MySQL

- Developed a custom CMS that lets non-technical staff publish web pages, announcements, faculty listings and media galleries.

Institutional Event Management System

React (Vite), PHP MVC (YAK Framework), MySQL

- Developed a portal for online event registration, venue scheduling, pass generation and automated attendee notifications.

Transport Tracking & Route Management Module

React (Vite), PHP MVC (YAK Framework), Geolocation API

- Built a fleet module for school and college bus route scheduling, vehicle assignments and real-time status alerts for parents.

EDUCATION

Bachelor of English Literature

June 2020 – June 2023

Sadakathullah Appa College

Full Stack Development Certification

February 2023 – July 2023

Appolo Institute of Science and Technologies

- Training in full-stack web development using HTML, CSS, JavaScript, PHP, MySQL, REST APIs and MVC frameworks.
